FLIGHT OVER THE NASCA LINES FROM PISCO (OPTIONAL: COST \$ 250.00)

We will head to Pisco Airport for a flight over the Nasca Lines, where you will view the ancient geoglyphs located in the desert. These geoglyphs are notable for their intricate designs etched into the land, ranging from geometric to zoomorphic and phytomorphics shapes, covering an area of 450 km². The impressive figures range in length from 50 to 300 meters. The mystery of these geoglyphs lies in the complexity of their creation from the ground, as they are stylized figures made with a single line. In 1994, UNESCO designated them as a World Heritage Site.

At the end of the chosen tour. Transfer to Lima. Arrival and transfer to your hotel (Miraflores, Barranco or San Isidro). End of the services.
